## ABOUT DAWN

Dawn Möeder leads both the firm's assurance services practice as well as the manufacturing and distribution (M&D) practice. A chartered accountant from the United Kingdom, Dawn brings an international perspective to her approach with clients. Dawn focuses her time on large-scale projects, overseeing the completion of assurance engagements and working directly with CEOs and boards of directors offering solutions to the most critical issues affecting an organization's strategic plan. She is a trusted advisor to C-suite executives providing consulting, due diligence, internal control evaluation, forecasting, and budgeting services.
